Chapter	Page No.(Printed Copy)	Correction
Chapter 1	1.29, Qus 3	The Domestic Investment given in Qus 3 should be read as Rs. 1442 instead of Rs. 1482. Accordingly, the answer given at page 1.34 will change. When Rs 1442 are used as Domestic Investment, GDP at MP using Expenditure method will be $Y = \text{Rs } 10890$, instead of $Y = \text{Rs } 10930$ as given in the answer.
Chapter 1	1.30, Qus 4	Pl. ignores the last two entries in the question as they are repeated inadvertently. Answer to this question is GNP_{MP} = Rs 1130 and not $\text{GDP}_{\text{MP}} = \text{Rs } 1250$ as given on page 1.34.
